Submission on the proposed South Australian redistribution details

Category: Boundaries

Details: I disagree with including suburban districts in with rural districts. I have a small acreage and I am a small business owner. I have very little in common with a person who works in the city and has a house in the suburbs. Our voice would be weakened by the vote of people who do not understand the concerns of rural and the regions. In particular, the need for diesel fuel for farmers, drought relief, mental health services and the lack of services for the disabled through NDIS etc. Grey is already huge - how does our MP Tom Venning get around to every town in the elctorate? If you must redistribute, try to distribute to like areas like the upper parts of the Murraylands near Waikerie etc.
