Submission on the proposed South Australian redistribution details

Category: Names and Boundaries

Details: The proposed redistribution of the Grey boundary is beyond ridiculous. The numbers may end up even but equity of representation will certainly not be achieved. Already the largest Federal electorate in SA & I believe the third largest in Aus- covering over 20LGAs, numerous schools, large, small & tiny communities that all have community groups, RSLs, businesses etc etc. it is untenable for one MP to physically look after such a large footprint of constituents encompassing so many varied communities. To include outer suburban residents and still believe that our regional & rural communities will be cared for is absurd.
Re name change. I strongly believe & support that Dr ODonoghue AC should be remembered & honoured but I think renaming a State electorate in her honour is more appropriate as a treasured South Australian.
