Boundaries

Details:

The electorate of Grey is far too BIG an area now for our Member to service and you are wanting to not only make it bigger BUT more city centric. The area to cover is too much for one person now with the vast amount of driving/flying to speak with constituents. Travel time is a waste of our Members time eg Kadina to Ceduna is a day of travel without stopping (6 hours), you should be looking at making the electorate into two areas and not one BIG area. This electorate is unique with the diversity agriculture/aquaculture/horticulture/small business/lead and smelting works/mining too name a few, which our current and past members have done a great job in servicing this in the COUNTRY. Now you are looking at bringing in areas from the City! City people have different wants/needs than country people and I fear that eventually Grey will become more city centric and the country people will no longer have a voice - yet we are needed for our supplies (food etc).

If you cant cut the electorate in half with two members (which I do understand re population), then PLEASE keep GREY as a country electorate and NOT move the boundaries and place city suburbs into the division.
