## Submission on the proposed South Australian redistribution details

**Category:** Names and Boundaries  
**Details:** Grey is a country electorate, adding semi metro areas like riverlee etc will make representation very difficult. Either the country voters will be over run by city interests, or the metro people will feel no attention due to the vast area of Grey. How can one member cope with this. Grey could be extended to riverland if more population is needed. Renaming electorate is irrelevant tokenism to indigenous people when the real issues are not being addressed
