Submission on the proposed South Australian redistribution details

Category: Names and Boundaries

Details: What an absolutely ridiculous notion, to increase the size of Grey. It needs to continue to be represented by a country MP, and remain a seat spanning country people. Its big enough, our MP covers a vast expanse of land, absolute insanity. Our population in the regions is only increasing, please consider the copper coast alone and their recently adopted strategic growth plan. Having an MP that is spread too thin does a disservice to those that live within the electorate. One must wonder if the person who came up with this idea owns a map, or has travelled beyond Gepps Cross. Also, leave the name alone. The name is cemented in the region. Its a costly process, and an unnecessary one.
