Submission on the proposed South Australian redistribution details

Category: Names and Boundaries

Details: I have heard that there is a proposal for the electorate of Grey to be given a new name and I have no concerns with this. However, a proposal for the electorate to be extended is deeply concerning. While the extent of Grey is determined by the number of people living in it, it is clearly unfair. It seems that country people are of no concern to the Federal Government. That is until their taxes, and food and fibre are required to keep Australians going. An electorate the size of the proposed Grey does not allow adequate coverage by the elected member - of whatever party he/she represents - and it certainly does not allow people in it to have adequate contact with the member. I demand that Grey remain as it is.
