Submission on the proposed South Australian redistribution details

Category: Names and Boundaries

Details: The electorate of Grey should not include suburbs of Adelaide. It is already such a diverse electorate that covers APY Lands, mining, farming, fishing, tourism, market gardening, long range heavy transport, several ports, several small cities and much more. It is also one of the largest in Australia, not every electorate should come down to numbers. Some city electorates can be covered in a 15 minute walk with a very limited list of issues. Those making decisions like this should walk in MPs shoes for a couple of weeks before inflicting these changes.
The name change for changes sake is wrong. Surely there are better ways to acknowledge outstanding members of our Country.
