# Green, Joshua - Redistribution SA - Submission on the proposed South Australian redistribution

## Personal details

**First name:** Joshua

## Submission on the proposed South Australian redistribution details

**Category:** Boundaries

**Details:** The boundary change of Aberfoyle Park etc to Mayo makes zero sense. If Mayo needed more population I concede it has to come from somewhere, however Mayo is trading Aldinga etc to Kingston. Mayo is predominantly hills and country zones which Aldinga etc is a part of. The people of those area would feel and need simalar things and their MP would relate to them. Aberfoyle Park is not Hills folk and relate more to the outer metro areas of the rest of Kingston and need an MP to represent them of similar ilk. I live in Aberfoyle Park and have worked in the Adelaide Hills (Mayo) and certainly relate more like the Kingston folk.
