## Submission on the proposed South Australian redistribution details

**Category:** Boundaries

**Details:** Regarding the changes proposed to Mayo - my suggestion is that the Northern piece of Mayo (Kersbrook / Birdwood) goes into Barker, as opposed to the Langhorne creek / Milang areas. The lower lakes / Coorong is going to be a critically important area of public policy into the next ten years and we need an MP who can represent this with knowledge and understanding. Long, skinny electorates mean that MPs are set up to fail - they cant hope to be across all issues - especially such diversely huge issues. I fear it will result in an MP applying a Vegemite approach - only able to do a little across many issues. Im unsure if the population numbers work out - but there is a lot more issues cohesion by leaving Langhorne / Milang and Callington in Mayo.
