## Background Information

Population growth within Western Australia has not increased in comparison to the rest of the Australian population. This has resulted in Western Australia losing a representative in the Federal Parliament in the House of Representatives at the next election. This requires the subsequent redrawing of electoral boundaries within Western Australia to create 15 divisions from the existing 16 divisions.

Based on the enrolment figures provided indicate whilst there was overall growth of 3.99% there this growth is predominantly located within the greater Perth metropolitan area. Within the rural areas of the state the growth rate averages out to 1.14%. However, only one of the three rural based divisions (Division of Forrest) located in the South West region of the state has a positive rate of growth (5.84%) which is also above the state forecast. The remaining two divisions of Durack and O'Connor respectively have a negative growth rate of 2.99% and 0.28% respectively.

## Statistical Summary

Enrolment @ Commencement			Projected Enrolment		
Minimum Quota	Quota	Maximum Quota	Minimum Quota	Quota	Maximum Quota
100,955	112,172	123,389	112,749	116,838	120,927

For the purpose of this redistribution WA can be divided into 3 major geographic areas. Namely Country, Metropolitan Perth North and Metropolitan Perth South.

The country area is all local government areas outside of the greater metropolitan Perth which stretches from the city of Wanneroo in the north to the city of Mandurah in the south, across to the city of Armadale to east, the escarpment area encompassing the city of Kalamunda and Mundaring to the city of Swan. The greater Perth metropolitan area can then be divided into North or South of the Swan River.

Only five of the existing 16 divisions maintain a projected enrolment above the required minimum quota. The Divisions of Brand, Burt, Canning, Forrest and Fremantle. Whilst one division exceeds the projected enrolment quota – Division of Pearce.

This growth within divisions indicate that within greater Perth metropolitan the growth is primarily based in the outer metropolitan divisions. In contrast the inner metropolitan divisions are experiencing slower growth rates.

As a result of the uneven spread of growth throughout the state the inner metropolitan divisions of Curtin, Cowan, Moore, Stirling, and Perth which are located in the north of the greater Perth metropolitan area only

have the Division of Pearce which has substantial growth and from which electors could be transferred from by redrawing the electoral boundaries.

In contrast the Divisions of Swan and Tangney which are located in the south of the greater Perth metropolitan area have the Divisions of Brand, Burt, Canning and Fremantle which have additional electors from which could be transferred from.

The Division of Hasluck is a geographic division located east in the greater metropolitan Perth however this division is aligned north – south so it is difficult to align against the other divisions, however for planning purposes I have assigned it to the north Perth area as its primary population growth area is north of the Swan River.

## Process

The existing divisions are allocated to the following areas.

- Country – Durack, Forrest, O'Connor
- Metropolitan Perth North – Cowan, Curtin, Hasluck, Moore, Pearce, Perth, Stirling
- Metropolitan Perth South – Brand, Burt, Canning, Fremantle, Swan, Tangney

This proposal attempts to map the existing 16 division into the required 15 division structure based on these administrative areas.

Noting that the Divisions of Canning, Hasluck and Pearce currently contain rural based local government areas in their composition and the north- south direction of Hasluck means that these regions are not exclusive in the redesign process but rather break the task into smaller chunks to define geographic areas.

## Country Divisions

Division	Current Enrolment	Projected Enrolment
Durack	98,382	95,524
Forrest	107,326	113,971
O'Connor	101,985	101,703
<b>TOTAL</b>	<b>307,693</b>	<b>311,198</b>

Numerically on an aggregated basis all three rural divisions exceed the minimum quota at the commencement of the redistribution. However, at the projected midpoint these three divisions are short on the minimum quota by 27,049, on the quota by 39,3165 and the maximum quota by 51,583 electors.

The projected growth rate for these divisions indicate a rural decline with O'Connor and Durack projected to have a decline of 0.28% and 2.99% respectively. However, Forrest as a division based in the South West Region of WA is expected to have a 5.89% growth rate. Therefore, in order to maintain these three rural based divisions, it will be necessary to transfer some non-metropolitan based electors who are located those Perth based divisions which have a rural fringe. The rural based local government areas contained within the Division of Canning (Boddington, Murray, Waroona), Hasluck (Mundaring) and Pearce (Beverley, Chittering, Gin Gin, Northam, Toodyay, York)

Therefore, it is proposed that the three rural based divisions be maintained and that the names of the proposed reconstituted divisions be the existing names for these divisions. – Durack, Forrest, and O'Connor.

In order to meet the required quotas is proposed that the following.

- From the Division of Pearce – the LGAs of Gin Gin, Chittering, Northam be transferred to the Division of Durack.
- From the Division of Pearce – the LGAs of Beverley and York be transferred to the Division of O'Connor.
- From the Division of Hasluck – part of the LGA of Mundaring be transferred to the Division of Durack.
- From the Division of Canning – the LGA of Boddington be transferred to the Division of O'Connor.
- From the Division of Canning – the LGA of Waroona be transferred to the Division of Forrest.
- From the Division of Durack – the LGAs of Bruce Rock, Cue, Cunderdin, Kellerberrin, Merredin, Mount Magnet, Mount Marshall, Mukinbudin, Narembeen, Nungarin, Quairading, Sandstone, Tammin, Trayning, Westonia, Wiluna and Yilgarin be transferred to the Division of O'Connor.
- From the Division of Forrest – the LGA of Nannup be transferred to the Division of Forrest.

This strategy will bring the three rural divisions to fully encompass the greater metropolitan Perth area.

The transfer of the Shire of Boddington to the proposed Division of O'Connor increases the community of interest regarding mining and rural enterprise.

The transfer of the Shire of Nannup from the Division of Forrest to the Division of O'Connor reunites the three-local government in the south west corner of the state which were traditionally known as the green triangle, (Nannup, Manjimup and Bridgetown-Greenbushes) due to their historical and current forestry-based industries.

Listed below are the commencement and projected enrolment for the reconstituted divisions.

Division		Enrolment @ commencement	Enrolment Projected
DURACK		121,217	119,419
FORREST		109,268	115,973
O'CONNOR		115,236	114,558
<b>TOTAL</b>		<b>345,721</b>	<b>349,950</b>

## South Perth

Division		Enrolment @ commencement	Enrolment Projected
BRAND		110,508	119,561
BURT		109,053	116,511
CANNING		110,091	117,835
FREMANTLE		109,269	115,628
SWAN		102,932	105,211
TANGNEY		94,827	95,804
<b>TOTAL</b>		<b>636,680</b>	<b>670,550</b>

Given that the Division of Tangney is significantly under the enrolment quotas both currently and projected (6,128 and 16,945 respectively). As the Division of Tangney is located adjacent to the Divisions of Fremantle, Burt and Swan increasing this division requires it to expand geographically.

At the projected enrolment date, the Division of Swan will also be significantly under the projected quotas. (16,945 – 25,123 range). This division will also need to expand geographically. In this instance the division is adjacent to the Divisions of Hasluck, Tangney and Burt.

The Division of Hasluck is adjacent to the Division of Swan and Canning is also under the projected quotas with a minimum of 9,034 electors required. However, it is proposed that Hasluck will transfer parts of the Shire of Mundaring thus increasing this range.

If these three divisions were theoretically amalgamated into two proposed divisions then there would be a surplus of just over 50,000 electors that need to be accommodated into neighbouring divisions. This is not possible as the adjacent divisions are all in excess of the projected quota.

Whilst the minimum requirement to maintain 6 divisions in this area is 676,494 it is possible to achieve this even after factoring in the loss of the Shires of Boddington and Waroona from the previous Division of Canning by transferring some electors from the former Division of Hasluck, which is adjacent to the Division of Swan and Canning (west and south respectively).

**Therefore, it is proposed that the six south Perth focussed divisions be maintained and that the names of the proposed reconstituted divisions be the existing names for these divisions. – Brand, Burt, Canning, Fremantle, Swan and Tangney.**

In order to meet the required quotas is proposed that the following.

- That the **Division of Brand** be retained on its existing boundaries.
- That the **Division of Fremantle** be retained on its existing boundaries
- From the **Division of Burt**, the suburb of Canning Vale and Langford be transferred to the **Division of Tangney**.
- That the **Division of Canning** maintains its current LGAs of the City of Mandurah, the Shires of Serpentine – Jarrahdale and Murray.
- From the **Division of Burt** Harrisdale, Piara Waters and Southern River are transferred to the **Division of Canning**.
- In order to numerical equity from the **Division of Canning** the city of Armadale and Shire of Kalamunda (part) are transferred to the **Division of Burt**.
- From the **Division of Hasluck** electors in the suburb of Hazelmere (part) and Kenwick are transferred to the **Division of Swan**.
- From the **Division of Hasluck** the suburbs of Forrestfield and Wattle Grove are transferred to the **Division of Burt**.

The Division of Canning contracts into a smaller geographic area which is primarily focussed on the City of Mandurah and surrounding areas as well as picking up some additional growth suburbs in the new estates associated with the City of Armadale.

The Cities of Armadale, Gosnells and Kalamunda area primarily located within the Division of Burt.

Listed below are the commencement and projected enrolment for the reconstituted divisions.

COWAN	100,543	104,250
CURTIN	101,848	105,373
HASLUCK	100,732	103,715
MOORE	102,441	104,031
PEARCE	125,488	142,491
PERTH	104,026	106,518
STIRLING	103,123	104,440
<b>TOTAL</b>	<b>738,201</b>	<b>770,818</b>

The Division of Pearce is above the quota at the commencement of the redistribution as well as at the projected enrolment date. It is above the maximum quota by 2,099 and 21,564 respectively.

In contrast the Division of Hasluck and Cowan are below the quota at commencement of the redistribution. All of the divisions, except Pearce are below the projected enrolment quota. The inner metropolitan divisions are projected to experience less growth in comparison to other parts of the state.

It should be noted that these totals are further reduced with regard to the Division of Hasluck and Pearce as a result of transfer proposals outlined with regard the Divisions of Burt, Durack, O'Connor and Swan.

**Therefore, it is proposed that the current seven north Perth focussed divisions will need to be reduced to six divisions. That the former Division of Cowan be abolished.**

**That the names of the proposed reconstituted divisions be the existing names for these divisions. – Curtin, Hasluck, Moore, Pearce, Perth, Stirling**

In order to meet the required quotas is proposed that the following.

- a) As previously stated earlier in this proposal.
  - From the Division of Pearce – the LGAs of Gin Gin, Chittering, Northam be transferred to the Division of Durack.

- From the **Division of Pearce** – the LGAs of Beverley and York be transferred to the **Division of O’Connor**.
  - From the **Division of Hasluck** – part of the LGA of Mundaring be transferred to the **Division of Durack**.
  - From the **Division of Hasluck** electors in the suburb of Hazelmere (part) and Kenwick are transferred to the **Division of Swan**.
- b) Transfers within the area
- From the **Division of Cowan**, the suburbs of Greenwood, Warwick and Kingsley will be transferred to the **Division of Moore**.
  - From the **Division of Stirling** the suburbs of Trigg, North Beach and Watermans Bay will be transferred to the **Division of Moore**
  - From the **Division of Stirling** the suburbs of Carine, Karrinyup and Gwelup will be transferred to the **Division of Curtin**.
  - To achieve quota equity from the **Division of Curtin** the suburbs of Wembley, West Leederville and Glendalough will be transferred to the **Division of Stirling**.
  - From the **Division of Stirling** the suburbs of Dianella (part) and Morley (part) will be transferred to the **Division of Perth**.
  - From the **Division of Cowan**, electors based in the city of Swan, Whiteman, Bennet Springs, Beechboro Malaga, will be transferred to the **Division of Hasluck**
  - From the **Division of Pearce**, selected suburbs based in the City of Swan including, Ellenbrook, The Vines, Middle Swan, Herne Hill, Stratton, Jane Brook, the suburbs of Kiara and Lockridge will be transferred to the **Division of Hasluck**.
  - From the **Division of Hasluck** electors based in Gidgegannup will be transferred to the **Division of Pearce**.
  - From the **Division of Cowan**, the suburbs of Ballajura, Tapping, Ashby, Singara, Cullacabardee, Wangara, Pearsall, Gnangara, Hocking, Jandabup and Wanneroo, will be transferred to the **Division of Pearce**.
  - From the **Division of Cowan**, the suburbs of Girrawheen, Koondoola, Alexander Heights, Marangaroo, Madeley, Darch, and Landsdale will be transferred to the **Division of Stirling**.
  - From the **Division of Perth**, a small portion of the suburb of Noranda will be transferred into the **Division of Pearce**.

The City of Joondalup will be fully included in the proposed Division of Moore. The proposed Division of Moore will expand south and be constrained by the Indian Ocean in the west and the Mitchell Freeway in the east.

The Division of Curtin will be constrained on its eastern boundary by the Mitchell Freeway, its southern boundary by the Swan River, its western boundary by the Indian Ocean and its northern boundary will be the Division of Moore.

The Division of Perth will be constrained by the Division of Hasluck to the east, Stirling in the North and Curtin in the west and the Swan River in the South. It will maintain the City of Perth within its boundary.

The Division of Hasluck will have a focus on the City of Swan (part) and the Shire of Mundaring (part), Whilst the Division of Pearce will have a focus on the City of Wanneroo as well as parts of the City of Swan.

Listed below are the commencement and projected enrolment for the reconstituted divisions.

## Attachment A - Location descriptions and Enrolment Composition:

### BRAND

#### LOCATION DESCRIPTION

The proposed Division of Brand encompasses 100% of the former Division of Brand. It is proposed that the new **Division of Brand** will cover the Shire of Kwinana and the City of Rockingham including Garden Island. The main suburbs include Anketell, Baldivis, Bertram, Calista, Casuarina, Cooloongup, East Rockingham, Golden Bay, Hillman, Hope Valley, Karnup, Keralup (part), Kwinana Beach, Kwinana Town Centre, Leda, Mandogalup, Medina, Naval Base, Orelia, Parmelia, Peron, Port Kennedy, Postans, Rockingham, Safety Bay, Secret Harbour, Singleton, Shoalwater, The Spectacles, Waikiki, Wandi, Warnbro and Wellard.

#### ENROLMENT COMPOSITION

This proposed division encompasses 100% of the previous Division of Brand. There will be 119,561 projected enrolments in the division.

### BURT

#### LOCATION DESCRIPTION

Having transferred the suburbs of Harrisdale, Piara Waters and Southern Rivers to the proposed Division of Canning and the suburb of Canning Vale and Langford to the proposed Division of Tangney. The proposed **Division of Burt** becomes focussed on the Cities of Armadale, Gosnells and Kalamunda after electors are transferred from the previous divisions of Hasluck and Canning.

The division is constructed from suburbs in the south-east metropolitan areas of Perth including the suburbs of Armadale, Ashendon, Bedforddale, Brookdale, Camillo, Carmel, Champion Lakes, Forrestfield, Gosnells, Hacketts Gully, Haynes, Hilbert (part), Huntingdale, Kalamunda, Karragullen, Kelmscott, Lesley, Lesmurdie, Martin, Mount Nasura, Orange Grove, Pickering Brook, Reservoir, Roleystone, Seville Grove, Thornlie, Walliston, Wattle Grove and Wungong.

#### ENROLMENT COMPOSITION

This proposed division encompasses 71,894 projected electors from the former Division of Burt, 14,701 from the former Division of Canning and 27,736 projected electors from the former Division of Hasluck. The projected enrolment will be 114,331 electors.

### CANNING

#### LOCATION DESCRIPTION

Having transferred from the previous Division of Canning the Shire of Boddington to the proposed Division of O'Connor and the Shire of Waroona to the proposed Division of Forrest the proposed **Division of Canning** has been created by focusing the division on the outer metropolitan City of Mandurah and the Shires of Serpentine-Jarrahdale and Murray. Then in order to achieve the projected quota the suburbs of Southern River, Harrisdale, Piara Waters and Forrestdale from the previous Division of Burt are incorporated within the divisional boundary.

**Canning** covers an area from the south-east metropolitan areas of Perth to the adjoining rural areas in the east and south. It encompasses the Cities of Mandurah, Armadale (part – Harrisdale, Piara Waters and Forrestdale), and Gosnells (part – Southern River), the Shires of, Murray, Serpentine-Jarrahdale and Waroona.

#### ENROLMENT COMPOSITION

This proposed division encompasses 98,966 projected electors from the former Division of Canning and 20,843 electors from the former Division of Burt. The projected enrolment will be 119,809 electors.

## **CURTIN**

### **LOCATION DESCRIPTION**

The proposed Division of Curtin gains additional suburbs in the north from the previous Division of Stirling (Karrinyup (part), Gwelup, Carine and Scarborough (part)). This unites both the suburbs of Scarborough and Karrinyup within one division. However, the former Division of Curtin then needs to transfer Wembley, West Leederville and Glendalough in the south east to the Division of Stirling to meet the required quota.

The proposed **Division of Curtin** covers an area west of Perth, bordered by the Indian Ocean in the west and the Swan River in the south. The suburbs include Carine, Churchlands, City Beach, Claremont, Cottesloe, Crawley, Daglish, Dalkeith, Doubleview, Floreat, Gwelup, Herdsman, Innaloo, Jolimont, Karrakatta, Karrinyup, Mount Claremont, Mosman Park, Osborne Park (part), Nedlands, Peppermint Grove, Scarborough, Shenton Park, Swanbourne, Subiaco, Wembley Downs and Woodlands.

### **ENROLMENT COMPOSITION**

This proposed division encompasses 93,861 projected electors from the former Division of Curtin, and 19,453 electors from the former Division of Stirling. The projected enrolment will be 113,314 electors

## **DURACK**

### **LOCATION DESCRIPTION**

The proposed Division of Durack is a refocussed division of the former Division of Durack. Having transferred electors to the proposed Division of O'Connor (The Shires of Bruce Rock, Cue, Cunderdin, Kellerberrin, Merredin, Mount Magnet, Mount Marshall, Mukinbudin, Narembeen, Nungarin, Quairading, Sandstone, Tammin, Trayning, Westonia, Wiluna, Yilgarin) the proposed division then gains electors from the former Division of Pearce (Shires of Chittering, Gin Gin and Northam) and the former Division of Hasluck (Shire of Mundaring (part)).

The proposed Division of Durack covers a large area from Kununurra in the north to the local government boundaries north of the Great Eastern Highway (except Northam) in the south and includes coastal islands. The division includes the Cities of Greater Geraldton and Karratha and the Shires of Broome, Carnarvon, Chittering, Dandaragan, Derby-West Kimberley, Dowerin, East Pilbara, Exmouth, Gin Gin, Goomalling, Meekatharra Mundaring (part), Northam, Shark Bay, Toodyay, Victoria Plains and Wyalkatchem.

### **ENROLMENT COMPOSITION**

This proposed division encompasses 88,835 projected Electors from the former Division of Durack, 11,837 projected electors from the former Division of Hasluck and 18,747 projected electors from the former Division of Pearce. The projected enrolment will 119,419 electors.

## **FORREST**

### **LOCATION DESCRIPTION**

The proposed Division of Forrest is the existing Division of Forrest minus the Shire of Nannup to the proposed Division of O'Connor. The proposed Division of Forrest then gains the Shire of Waroona from the existing Division of Canning.

**The proposed Division of Forrest** covers an area in the south west corner of Western Australia from the Shire of Waroona in the north to the Shires of Augusta-Margaret River in the south. The Division includes the cities of Bunbury and Busselton and the shires of Augusta-Margaret River, Capel, Dardanup, Donnybrook-Balingup, Harvey and Waroona.

### **ENROLMENT COMPOSITION**

This proposed division encompasses 112,928 projected Electors from the former Division of Forrest and 3,045 electors from the former Division of Canning. The projected enrolment will 115,973 electors.

## FREMANTLE

### LOCATION DESCRIPTION

The proposed **Division of Fremantle** is 100% of the existing Division of Fremantle. The proposed **Division of Fremantle** will cover the Cities of Cockburn, Fremantle and Melville (part) and the town of East Fremantle. It is situated south west of Perth and includes Rottnest Island. The suburbs include Atwell, Aubin Grove, Banjup, Beaconsfield, Beeliar, Bibra Lake, Coolbellup, Coogee, Cockburn Central, East Fremantle, Fremantle, Hamilton Hill, Hammond Park, Henderson, Hilton, Jandakot, Kardinya (part), Leeming (part), Munster, North Coogee, North Fremantle, North Lake, O'Connor, Palmyra, Samson, South Fremantle, South Lake, Spearwood, Success, Wattleup, White Gum Valley and Yangebup.

### ENROLMENT COMPOSITION

This proposed division encompasses 100% of the previous division. There will be 115,625 projected enrolments in the division.

## HASLUCK

### LOCATION DESCRIPTION

The proposed **Division of Hasluck** becomes a metropolitan focussed division which is primarily focussed on the City of Swan (part) as well as some parts of the Shire of Mundaring (part). The former division has transferred the rural component of Shire of Mundaring to the proposed Division of Durack. The former division has transferred parts of the Cities of Gosnell and Kalamunda to the proposed Division of Burt and the suburbs of Hazelmere to the proposed Division of Swan. The former Division of Hasluck will also transfer Gidgegannup to the Division of Pearce.

The proposed Division of Hasluck has received City of Swan based electors from both the Division of Pearce and Cowan. These include Whiteman, Bennett Springs, Beechboro, Lockridge, Kiara, The Vines, Herne Hill, Henley Brook, Aveley.

The proposed **Division of Hasluck** covers the Shires of Mundaring (part) and the City of Swan (part). It includes the suburbs of Beechboro, Ellenbrook, Lockridge, Kiara, Middle Swan, Herne Hill, Stratton, Jane Brook, The Vines, Ballajura, Caversham, Dayton, Whitman, Henley Brook, Bradman, Bellevue, Koongamia, Darlington, Boya, Helena Valley, Greenmount, Glenn Forrest, Midvale, Swan View, Hovea.

### ENROLMENT COMPOSITION

This proposed division encompasses 16,606 projected Electors from the former Division of Cowan, 52,668 electors from the former Division of Hasluck and 44,651 electors from the former Division of Pearce. The projected enrolment will 113,925 electors.

## MOORE

### LOCATION DESCRIPTION

The proposed **Division of Moore** is expanded from its existing boundaries to primarily be focussed on the City of Joondalup and a small number of City of Stirling suburbs. From the former Division of Cowan, the electors in the suburbs of Greenwood, Warwick, and Kingsley are transferred to the proposed Division of Moore. In addition, the coastal suburbs of Watermans Bay, North Beach and Trigg are transferred from the former Division of Stirling.

The proposed Division of Moore is bound by the Indian Ocean in the West, Scarborough Beach Road in the South, the West Coast Highway/Marmion Avenue till Beach Road, the Joondalup Local Government boundary with Wanneroo, to Wanneroo Road and Ocean Reef Road to the Joondalup local government boundary to Burns Beach Road to the Indian Ocean. Moore includes the suburbs of Beldon, Burns Beach, Connolly, Craigie, Currambine, Duncraig, Edgewater, Greenwood, Heathridge, Hillarys, Iluka, Joondalup, Kallaroo, Kingsley, Kinross, Marmion, Mullaloo, North Beach, Ocean Reef, Padbury, Sorrento, Trigg, Warwick Watermans Bay, and Woodvale.

## **ENROLMENT COMPOSITION**

This proposed division encompasses 100% of the previous Division of Moore (104,031 projected electors) and 10,510 projected electors from the former Division of Cowan and 16,220 projected electors from the former Division of Stirling. The projected enrolment will be 120,761 electors.

## **O'CONNOR**

### **LOCATION DESCRIPTION**

The proposed **Division of O'Connor** is expanded from its current boundaries with the addition of the local government areas from the Division of Pearce (The Shires of Beverley and York), the Division of Canning (Shire of Boddington), the Division of Forrest (Shire of Nannup) and the Division of Durack (Shires of Bruce Rock, Cue, Cunderdin, Kellerberrin, Merredin, Mount Magnet, Mount Marshall, Mukinbudin, Narembeen, Nungarin, Quairading, Sandstone, Tammin, Trayning, Westonia, Wiluna and Yilgarin).

The proposed **Division of O'Connor** will cover a large area from the Shire of Wiluna and Ngaanyatjarraku in the north to the Shire of Dundas in the south following the coast west to Nannup.
